Need A Professional Interpreter?

Goodwill Interpreting Services (GIS) can provide both American Sign Language and Verbal Language interpreters at a moment's notice. Our contract interpreters have experience in Medical, Education, Business, and Conference environments. We currently have over 300 contract interpreters supporting over 35 languages. GIS contract interpreters are vetted; background screened monthly, and are trained in the area of confidentiality and Fraud, Waste, & Abuse (HIPAA/FWA).

Education

Whether your needs are short-term or all semester long, GIS has a 25-Year History of providing professional interpreters to all education levels.

Healthcare

From the emergency room to patient consultation and discharge, GIS gives Healthcare and Long-Term Care facilities access to professional interpreters for all medical situations.

Business

No matter the industry or situation, GIS gives businesses and local government offices access to professional interpreters that are vetted, background screened, and practiced in the area of confidentiality.
